WRITING

Introduction.

In my report I'd like to tell you about some special places of my hometown that ~~are~~ you should visit as soon as you get in there.

Main part.

I don't really think that there are too much places to visit in my hometown, but the main of them is our park that is located in the centre of the city. From there you will be ~~walking~~ shocked about the size of it and how breathtaking all the views are. There ~~are~~ no places in my city that have similar peaceful surroundings. Also we have a beautiful square that is very close to this park. There you can find football and basketball fields - for those of you who are keen on sport, moreover, we have got a library here and it have got a lot of materials that ~~may~~ might help you in your ^{school} ~~university~~ researches.

Conclusion

After all things circumscribed, I think that I can say ~~there~~ that those are all places that you would love to visit. Even though, it will take about four or five days for you to walk everywhere through them.

Оценочные баллы: максимальный - 10 баллов; фактический - 7 баллов.
